

The TPWHL is for kids with various disabilities who have limited upper body strength and/or mobility. We work hard towards physical and emotional growth by teaching young kids the game of hockey making them strong leaders in sportsmanship and team spirit regardless of their skill level. This gives every child a chance that would otherwise not be possible in mainstream sports.

- Wheelchair Power Hockey is Fun and exciting with individual challenges and friendly competition for all!
- The TPWHL also gives a chance for families to come together to share experiences and offer support to one another.

Be A Part of The Team!

TORONTO POWER WHEELCHAIR HOCKEY LEAGUE

Children with physical disabilities have few resources for recreational opportunities and require adaptive equipment to meet their physical limitations. To break this barrier, The Toronto Power Wheelchair Hockey League (TPWHL) brings kids together for a pleasurable afternoon of friendly competitive sport!
